#### What have I learned from the tsunami disaster in Japan?

Let's read what lessons our students have learned from Japan!!

I felt very sad after learning about the strong earthquake in Japan.

What I have learned from this catastrophe was that we should be humble and live a simple life. It's hard to predict what will happen in the next second, and what we have accomplished may turn into bubbles without notice. Therefore, we should help those people in need as much as possible.

- I. Even though a country may not be in a close relationship with another country, when an emergency occurs, it will still offer to help.
- 2. Human's life is very fragile.
- 3. The government in Japan made many great policies to help with relief efforts.
- 4. There was no chaos, and most Japanese were very self-disciplined.
- 5. I wonder if the nuclear power plants may cause more disasters.
- Even though the nature disaster came, the Japanese were still very well-behaved. This kind of catastrophe could easily cause burdens and a risk for post-trauma syndrome for the Japanese, but they still followed the rules. For example, they lined up when getting rescue packages, followed the nation's emergency polices, and did their best to save energy in order to save those homeless citizens.

- What I have learned was that don't live in the mountains or around the beach.
- 1. We need to know how to react better when an earthquake hits.
- 2. The seafood became more expensive before of this disaster.
- 3. The Japanese comic books ceased publication, which made me feel sad.
- This is very horrible. It's a terrible shock in many aspects for the Japanese.
- Japanese government reacted to this disaster immediately and rescued many of its citizens. It's good that the Tzu-Chi organization in Japan offered a lot of help.
- We should live up each day because we don't know how long we will live in this world.

  We should not have too many regrets.

1. Could you please tell us your experience of learning foreign languages? Are there any special tips you would like to share with our readers?

ごがく べんきょう けいけん 語学 勉 強 の経験を聞かせてください。 ほうほう 特別な方法などありますか。

請告訴我們你學習語言的經驗。有什麼特別的 技巧是你想要跟讀者分享的?

I like to watch movie, especially English pronunciation with English subtitles. Sometimes when I see the word that I don't know, I repeat it and try to memorize it. By this way, I can learn a new word. Also, in order to learn how to pronounce the word, I repeat the sentence and say it again by myself. Although this way may take too much time for watching a movie, I think it is worthwhile to do it.

如果真要說.. 就是我喜歡看電影!! 我會去挑有中英文 字幕的電影,看字幕的時候盡量去看英文,然後在偷瞄 一下中文,有時候會看到沒學過的單字會去暫停一下看 仔細,這樣就又多學到一個單字,有時候我會倒轉去聽 外國人怎麼唸這句話,然後自己在唸一次,雖然有時候 這樣電影會看很久,不過我覺得很好玩!

2. Could you tell us your experience of taking the English proficiency test?

英語能力試験の受験経験を聞かせてくださ VI

#### 請跟我們分享英文檢定考試的經驗。

In my opinion, don't spend too much time on the questions which you can't answer. Mark the question and do the next. When you finish the rest questions, re-answer the unknown. If you can't realize the meanings of words or sentences, try to understand them by the context or the key words, which may help you choose the best answer. However, I haven't obtained the certificate yet. 考試的時候最重要的就是如果碰到有題目不會,也不要停留 太久, 趕快用削去法, 快點作答完畢, 準備看下一題, 閱讀 題目時要注意上下文的時態、如果看不懂單字意思,可以用 上下文的字來猜猜看,不外乎的就是要抓住句子的關鍵字, 考試的時候有些題目看到某些關鍵字就可以猜出答案了,不 過很遺憾,我英文檢定也沒通過.

#### 最喜歡什麼活動?

I've participated in Easter Treasure Hunt Contest, English Broadcast Competition, English and Japanese Corner. Among them, what I like the most is English Broadcast Competition. Because we tried to perform in the best way, we spent much time searching a lot of background music and recorded lines. Once there were a few mistakes, we recorded them again in order to get the best result. It was very exhausting, but I liked this feeling of

team work. And really, it was a perfect team. 我參加過語言中心的復活節 尋寶大賽、英語廣播比賽、英日語廣角,其中最喜歡的是英語廣播比賽內容,不停的找音樂、 製比賽內容,不停的找音樂、配樂、錄台詞有 NG 就重來,不過大家都在為了比賽而熬

夜努力,我很喜歡這種感覺,這是一支很棒的隊伍。

4. Do you think learning a foreign language is important? Why or why not?

こがくべんきょう たいせつ おも 語学勉強が大切だと思いますか。それはなぜで すか。

#### 你覺得學習外語重要嗎? 為什麼?

In today's world, it can't be overemphasized to cultivate the ability of foreign languages, especially in this globalized world. Take for example, I once saw a foreigner want to buy some things, and he asked a clerk, but the clerk didn't know what he said. It was entirely a communicative obstacle. Then a lady came and spoke with the

foreigner in English fluently. It was like a wake-up call. Due to globalization, we live in a country with many foreigners, and learning foreign language can help us follow up the world trend and enhance our competitiveness. So, why not learn foreign languages? 在現在這個時代,外語能力已經變得是基本能力了,如果你不想碰到外國人只會說;Hello~How are you? I am fine. 之類的,所以學外語能力就會變的很重要,我有次在一家便利商店裡看到一個外國人想要買東西,可是跟店員好像溝通不良,這時候我看到隊伍後面的小姐跑出來用很流利的英文跟外國人溝通,那時我很驚訝。現在正是全球化,我們國家也有著許多的外國人,學習外國語言可以跟著世界的趨勢,也可以提升我們的競爭力,那為什麼不學呢?

## **5.**Have you ever travelled abroad? What special things happened there?

かいがいりょこう けいけん 海外旅行の経験がありますか。特別な経験が もしあったら、教えてください。

#### 你曾出國旅遊嗎? 你有什麼特別的經驗嗎?

I haven't been to other countries, but I have been to Green Island, and it was an unforgettable experience. At first, we some met foreigners at a beach, and we just said hello to them to express Taiwanese warm welcome. However, they rode our motorcycles away surprisingly and suddenly. Fortunately, it was just a mistake. To my amazement, they could speak a bit of Chinese, and we told them some tourist sites and travel attractions in English and Chinese. That is a really extraordinary experience for me, and I profoundly realized the importance of learning English.

本身還沒有出過國,不過去綠島有過跟外國人的邂逅的經驗,一開始我們在海邊碰到,小打招呼展現台灣人的熱情,不過他們搞錯把我們的機車騎走了,雖然後來弄清楚是誤會一場,他們也聽得懂一點中文,我們就用簡單的英文跟流利的中文跟他們說哪裡有不錯的景點跟好玩的地方。
